Building Application Requirements

The following information must be presented before a building permit can be issued. An address post must be in place prior to a final inspection on any building permit. (See example at end of document.) All building code plans shall comply with the current Michigan Building Code.

1. Proof of Ownership

Proof of ownership must be presented including split papers, sidwell or manatron property numbers, the legal description, registered survey and size of parcel, and warranty deed or registered land contract. If an agent is applying for the building permit, rather than the property owner, an affidavit authorizing the agent to make the application is required.

2. Building Plans

Two sets of plans drawn to scale including wall detail, insulation detail, floor plan, roof section; type of material used, foundation details and other technical data and energy analysis as called for in Section 1301.1.1 of the 2015 Michigan Residential Building Code. **For all new home applications, a digital copy of the building and plot plans are also requested and can be emailed to building@armadatwp.org.**

3. Plot Plans

The following information must appear on the plot plan drawing:

- Lot dimensions
- Property descriptions
- Address
- House size and location including driveways and sidewalks
- Easements
- Setbacks
- Existing and proposed utilities
- Adjacent house grades and lot grades
- Existing and propose site grades
- Street name, right-of-way and road grades
- Septic field location and grade
- Well location
- Proposed drainage patterns (arrows) and downspouts
- Sump pump discharge pipe
- Benchmark
- North arrow
- Drawing scales of either 1" =30, 1" =20 or 1" =10

4. Septic Permit

Septic permits must be current, and all engineering plans must be approved and presented prior to the building permit being issued. Any grade level change required due to health department regulations must be approved prior to the building permit being issued. Septic permits are issued by:

Macomb County Health Department
43525 Elizabeth Road
Mt. Clemens, MI 48043
Phone: (586) 469-5235
Fax: (586) 469-5885

Culvert Permit

Call MISS DIG 3 full working days BEFORE you Dig. 1-800-482-7171

6. Well Log

Well approval must be obtained from the Macomb County Health Department prior to final occupancy.

7. Builder Information

Applicants must submit a valid builder's license and a copy of Workman's Compensation and liability insurance. **All building plans shall comply with the 2015 Michigan Building Code.**

8. Financial Guarantees and Permit Fees

Fees need to be submitted at the time the permit is issued. The Armada Township Board of Trustees sets all fees.

9. Grading Certification for New Construction

- a. Prior to issuance of an occupancy permit, a licensed land surveyor or professional engineer must certify the finished grade and structure elevations.
- b. The certification shall be presented on a duplicate copy of the approved plot plan clearly showing the finished grades.
- c. Any structures or grades that are damaged or not in conformance with the approved plot plan must be repaired or corrected.
- d. Temporary occupancy will only be issued when weather prohibits the completion of final grading and site-related work. A performance bond is required to ensure site work and grading will be completed.
